

YORKSHIRE

PARTNERSHIP

BOWLS

Dear Secretary,

The Yorkshire Bowls Partnership, supported by the Bowls Development Alliance [BDA], would like to invite you to their Club Night taking place on Tuesday 21st February at Ryedale IBC (YO17 8EG) commencing at 7.30. Admission is free of charge and supper is included. The Yorkshire Bowls Partnership is made up of willing volunteers from all 4 codes working in every region of Yorkshire and receives the support of the BDA through their northern Development Officer, Paul Humphreys.

The evening is a chance for you to hear about, and ask questions on, various aspects of the national and regional campaign to increase participation in the sport of bowls across all 4 codes including what funding your club can access via the BDA and other sources. The event will see presentations by the following organisations:

- Bowls Development Alliance
- North Yorkshire Sport
- Yorkshire Bowls Partnership

After the presentations there will be time for an extensive question and answer session.

The purpose of the club night is to inform your club of the work of the Yorkshire Bowls Partnership and explain the various different ways the group, supported by the BDA and the County Sports Partnership, can offer local clubs support and advice and explore the different ways with which we can all work closer together.

This is a key event for the clubs of Yorkshire and I would strongly encourage each and every club to send 2 representatives along to the club night to find out more. Increasing participation in bowls is a challenge for every club of every code and it is very important that as many clubs as possible take up the opportunities that the Yorkshire Bowls Partnership can provide.

Please confirm your attendance to this event by Friday 11th February, 2012 by email to Reg Sigsworth (reginald.sigsworth@ntlworld.com) or by sending a short letter to:

Mr R Sigsworth – 1 Wincanton Road, Redcar, North Yorkshire, TS10 2HP

Regards

Reg Sigsworth (Chairman of Yorkshire Bowls Partnership)
